LONG TERM ACUTE CARE

THEY CAN RETURN TO THEIR BEST ORIGINAL CONDITION OF GOOD HEALTH.

WHAT IS LONG-TERM ACUTE CARE (LTAC) FACILITIES?

LTAC are facilities that specialize in the treatment of patients with serious medical condition that require care ongoing basis but no longer require intensive care or extensive diagnostic procedures.

LTAC usually receive patients directly from an intensive care unit of a Hospital.

Our Long-Term ICU is equipped with advanced critical care equipment, including intensive ventilators, multipara monitors, dialysis facility and 24x7 intensivists coverage.

How does LTAC benefit patients ?

- ▶ Reduced financial burden
- ▶ Reduced risk of cross infections
- ▶ Connect with the primary doctor
- ▶ Specialized Chest Physio
- ▶ Personalized Care
- ▶ Complex wound care
- ▶ Intensive respiratory care
- ▶ Dialysis
- ▶ Free up ICU bed for a new patient
- ▶ Ventilators
